

10.3kWh Modular Type Battery Pack Specification

Product Specification

Mechanical Characteristics

		Module	Pack
Dimensions	Width	710 mm	800 mm
	Height	860 mm	1150 mm
	Depth	190 mm	400 mm
Weight		97kg	100kg
Color White	(Battery module) + Black (BPU)		

Compatible storage Inverters

			
			

More Usable Energy

100% Depth of Discharge
Pack Level Energy Optimization

Smart BMS system

Each module is equipped
with an independent BMS system

Safe & Reliable

Safe lithium iron phosphate cell

Easy Installation

Standard design with helpful
pulling ear quick stacking

Longer Lifetime

6000 cycles, 10 years design life

Modular design

Compact size and light weight
